**Visual Storyteller
Mumbai**

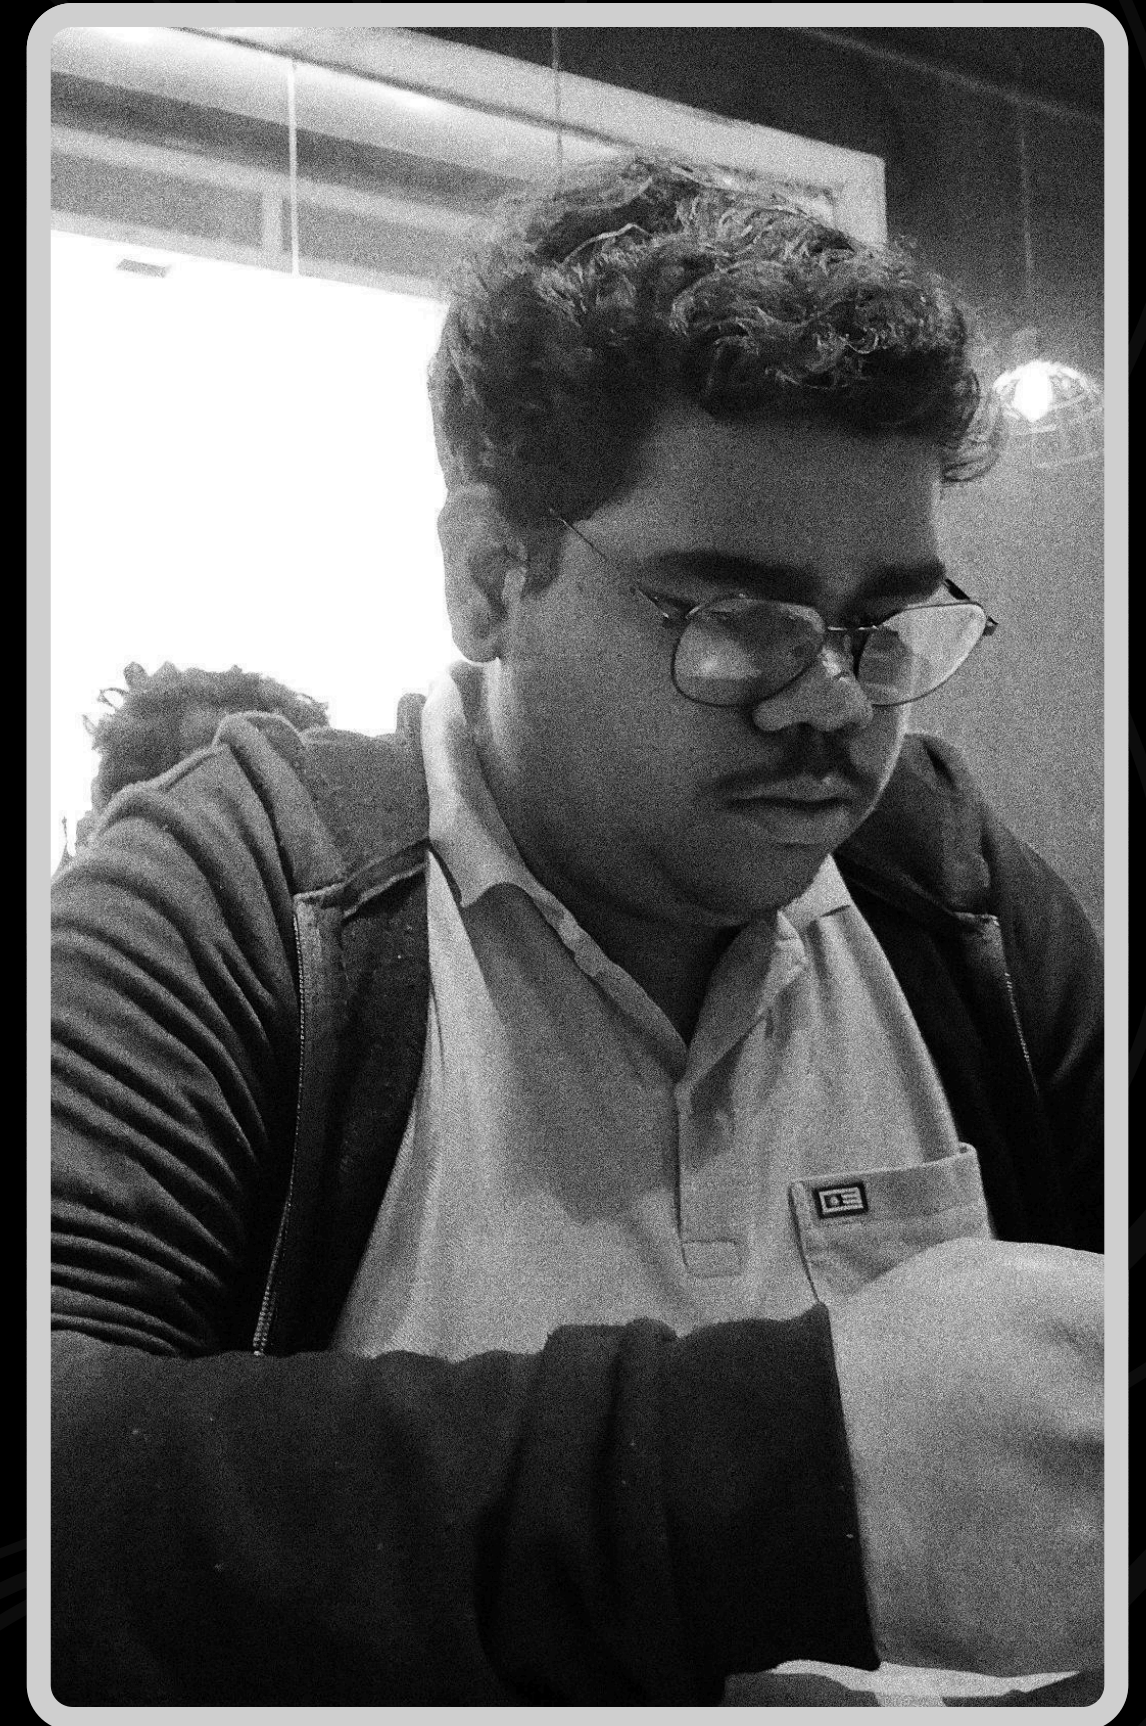

ABOUT

“I document Mumbai with warmth, texture and emotion.”

I am a Mumbai-based visual storyteller focused on capturing the city's light, culture, and overlooked details.

Through cinematic composition and warm tones, I aim to create visual narratives that feel personal and timeless. Major photos are shoot on Mobile using LMC Cam and edited in lightroom.

I am currently working on a series called “SOBO To NOBO” a nostalgic vision series
